

WONKY DONKEY TUTORIAL

Supplies for one block:

One 6" block of white fabric - marked cross-wise

4 - 2½" strips of print fabric in one colorway - 8+" long

Making the Base Block:

Sew the first seam, using a scant ¼" seam. Start your stitching ½" from top edge and leaving a 3+" tail.

Sew next strips, moving clockwise around center.

Fold flap of first strip over and sew last portion of partial seam.

Press the completed Base Block - desired size is 10" square

Note: The result is that all 4 strips are the same length
This is important for creating the Wonky Donkey pattern.
